that city, winning the oratorical medal of his class. He is a bright young man and the Southern is to be congratulated. After his graduation from Newberry college and before going to Atlanta Mr. Schumpert taught school.

To paraphrase a paragraph from Tuesday's paper: "Go out and give the organization your encouragement by your presence." Meaning: the meeting of the Newberry Red Cross chapter in the court house Sunday afternoon at 3 o'clock.

Tom Miller, colored, paid \$20 for a watch and couldn't keep it. He got the watch from a white boy without the boy's knowledge and consent, and the \$20 he paid for it was by order of Recorder Chapman on Wednesday.

The Baptist Courier says The Herald and News quoted the Rev. E. V. Babb as having hit "Old Man Greed" hard in a recent sermon. There is no old man Green in this city. The Newberry citizen by that name is comparatively a young man. It was "Old Man Greed" Mr. Babb scored.

The cotton mills in Newberry will close tonight, Thursday, and stay closed the balance of the week, owing to the condition of the cotton and cotton goods market. They hope to resume their running next week, but work next week and from then on will depend upon the condition of affairs in their line.

The Harrington street side of the high school lot ought to be made more attractive to compare with the neat homes of Messrs. W. J. Swittemberg and J. W. Smith, Jr., and with the general appearance of the building and surroundings. We are calling attention to the corner adjoining Mrs. Pearson's lot.

A fine and handsome steer was sold last week by Mr. Arthur Quatlebaum at Prosperity to Mr. A. P. Booser, who is going to butcher the young animal for his model market. The steer weighs 1,540 pounds, is three years old, and cost Mr. Booser \$175.75. See it at the lot opposite

Baxter's undertaking establishment. In writing a letter have you ever used the wrong word and had to erase it? Or have you ever called a man by the wrong name? Of course you have, and nobody thought anything of it. But if a newspaper gets the wrong word or a wrong name, or any other little thing like that, it is such a strange thing in the eyes of some people. We would suppose that everybody by this time had common sense enough to understand these things.

SEPARATED IN BOYHOOD SISTER SEEKS BROTHERS

The Herald and News has received the following letter for publication: "Please have this letter published in the paper for me. I am trying to find my two brothers. We were separated when small and now I am grown and I would like to find them if I can. My brothers' names were Preston and Augie. I was so young when we were separated that I don't know their last name. My mother was Ellen Brigham and my stepfather was Judson Brigham. I would like the best in the world to find my brothers, and if they are in your city I hope they will write their sister right away. My mother and father died in Macon. I was Miss Frances Brigham, but am now Mrs. Frances Watson. 132 Forest Ave., Macon, Ga.

Colored Woman Died Suddenly.

Nannie Lee, living in the neighborhood of Mr. and Mrs. J. B. Walton's residence, was found dead at her home early on Friday morning. Coroner Lindsay was notified and went to the house, but no inquest was necessary as Dr. Houseal testified that death was due to sickness. She had been afflicted with cancer of the womb and was taking laudanum for relief.

Arrest Automobile Thief.

Deputy Sheriff D. L. Taylor went to Greenwood Thursday and returned with Boyd Manley, who had been captured in that county and placed in prison. Mr. L. B. Fridy on Wednesday afternoon got a message that Manley had been arrested. A warrant was sworn out before Magistrate C. W. Douglas, and the man is now in the Newberry jail. Manley is the man who stole Mr. J. N. McCaughrin's Ford sedan from the Fridy garage some time ago, the car having been promptly recovered as mentioned at the time.

The "Healer."

Professor Cooley, who has a reputation as a psychologist, made his promised visit to Newberry this week, doing business from Monday to Thursday. He is being discussed all over the city and county.

People have been flocking to him and he has done a rushing business. Some say he is a fraud and they have no faith in him; those advise the reporter to condemn him or at least not to notice him in the paper. Others, and they are many, believe in him and advise us in accordance with their faith. Be all this as it may, and let thoughts be as they will, when reliable persons say he has cured them or that they have received great benefit from him, it is hard to believe there is not "something in it." Many who went to condemn came to commend, and however strong the inclination of some of the populace to doubt, what they have seen has led them to "think twice." Numbers of good citizens have been to see him and they seem satisfied. Call it hypnotism, imagination or what not Cooley has a fat job; which shows that strong minds have control over bodies—as well as pocketbooks.

Officers Find Mash.

The State, 18th. Richland county rural officers seized a large quantity of mash Saturday afternoon and the still material was destroyed. The officers located 417 gallons of mash, 35 gallons of molasses and some meal. The mash and molasses were poured on the ground.

Rural Officers Dunnaway, Koon, Price and Eleazer struck a trail about 17 miles from Columbia on the Newberry road and they said they traced the mash and material to a point near a creek on the plantation of T. E. Rauch. The officers said they picked up several clues that may lead to an arrest.

Just As

the farmer chooses, with great care, the seed which he plants so should you select your bulbs.

But

the farmer has it on the bulb planter, for he can plant thicker or replant, if he wishes to be assured of a crop, but not so with the bulb grower.

Therefore

does it not seem the best plan to plant safely in the beginning and if good sound bulbs go into the earth you are almost certain to be rewarded with the sunshine of blossoms all the winter months.

I Say

that my bulbs are the finest that can be bought and that where there were different grades of bulbs (in hyacinths there are 5 grades) I bought the first grade and I am sure that the flower lovers who buy my bulbs this year will come back to me for bulbs next year, for I am putting out nothing but the best.
